

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Modification to Previously Entered Consent Decree Under the Clean Air Act

On February 10, 2016, the Department of Justice lodged a proposed modification to Consent Decree with the United States District Court for the District of Kansas in the lawsuit entitled *United States v. Coffeyville Resources Refining & Marketing, LLC*, 04-cv-01064.

On July 13, 2004, the District of Kansas entered a consent decree between the United States, the State of Kansas and Coffeyville Resources Refining & Marketing (“CRRM”) under EPA’s Clean Air Act (“2004 CD”). The 2004 CD resolved claims against CRRM for CAA violations at the CRRM’s petroleum refinery located in Coffeyville, KS. The 2004 CD was subsequently replaced by a Second Consent Decree entered by the Court on April 19, 2012 (“2012 CD”), which is currently in effect. On February 10, 2016, the United States lodged a proposed modification to the 2012 CD that extends the effective date for final emission limits on SO₂ emissions limits from the fluid catalytic cracking unit at the refinery and modifies the 2012 CD to allow CRRM to comply with final SO₂ emission limits without installing a wet gas scrubber.

The publication of this notice opens a period for public comment on the proposed modification to the Second Consent Decree.
